

How to Open a cTrader Account

To open a cTrader account through Otet Broker, simply follow these steps:

1. After logging into your Otet account, select the "Platforms" option from the left-hand menu, then click on "Crrader". Finally, click on "Create New Account".

 Platforms MT5 CTrader Transaction History B2Copy New 	You don't have accounts yet, add the first one to start Create your first account by clicking the button below Create New Account
월 IB Room 🗸	
	You don't have accounts yet, add the first one to start Create your first account by clicking the button below Create New Account

2. On the page that opens, you will see two sections:

- Live: For creating a real trading account.
- Demo: For creating a demo (practice) trading account.

3	Hedging	~
4	20	~
	Add New Account	

3. To open a live cTrader account, select the following:

- 1. Choose an account name.
- 2. Select a base currency.
- 3. Choose your account type.
- 4. Select your desired leverage.

Finally, click the "Add New Account" button to create your account.

*note: A minimum deposit is required to open a live trading account.

4. After creating your trading account, you will receive an email containing your account details, cTrader email, and username. At the bottom of the email, you will find a "Launch cTrader" button. Clicking this button will take you to the cTrader web platform.

Log in to cTrader with Google

Another way to log into your cTrader account is by using your Gmail. To do this, simply follow these steps:

1. Instead of entering your username and password on the login page, click on the "Google" option.

2. In the next step, enter your Gmail address and password, in that order.
