

## How to Transfer Funds

In this tutorial, we will guide you through the steps of transferring funds from your wallet to your account, transferring money from your trading account to your wallet, and transferring between trading accounts.

## **Tutorial on Inter-Account Transfers**

**1.** To transfer funds from the Otet wallet to any trading account (on both MetaTrader and cTrader platforms), simply select 'Funds' from the left-hand menu, followed by 'Transfer'.

**2**. In step 1, select the source trading account from which you wish to transfer funds. In step 2, choose the destination account. In step 3, enter the desired amount. Finally, click the 'Transfer' button.

## Procedure for transferring money from trading accounts

**1**. After logging into your account, navigate to the 'Platforms' option from the left-hand menu. Subsequently, select either MT5 or cTrader based on the account from which you wish to transfer funds.

**2**. At the top left corner of the initial platform screen (either MetaTrader or cTrader), you'll find three options: Demo, Live, and All. These options allow you to customize the display of your trading accounts.

**3.** On the initial dashboard of both MetaTrader and cTrader platforms, all created trading accounts (Live/Demo) are displayed in individual boxes. Within each box, the following account details are visible: account number

- Account type (Live/Demo)
- Account balance
- Equity
- Free funds
- 🛠 Туре
- And leverage
