- The bonus will be awarded starting from Tuesday, November 21st, and will continue for two weeks until Tuesday, December 5th.
- The bonus is valid until the end of December 2023.
- During this period, each user can receive up to \$4,000 bonus for any new deposit transferred to their trading account.
- The double bonus is applicable to all trading accounts on the MetaTrader platform and Otet Markets symbols, excluding cTrader accounts.
- Profits from trades made with this bonus are fully withdrawable.
- The bonus is added as a credit to the trader's account equity and is not withdrawable.
- Pre-existing funds in the customer's account are not considered as a deposit for bonus credit.
- This bonus amount cannot be combined with other Otet bonuses.
- Accounts receiving the bonus are not allowed withdrawals until the end of December.
- If the account shows a loss less than 50% of the initial capital, the trader can deposit funds to cover the deficit and continue using the credit until December 31st. If the deficit is not covered, the bonus will be automatically removed.

- If a customer does not perform any trades within 10 days of receiving the credit, the bonus will be automatically removed.
- In case of closing trades within less than one minute, the broker reserves the right to withdraw the credit.
- Only new trades will be considered in calculating the total profit from trades. Previous trades will not affect this calculation.
- In case of fraudulent activity with credit funds, Otet has the right to block the trading account and deduct all paid bonuses without prior notice.
